MON AARON V. MARCELO

BSIT STUDENT | OJT APPLICANT • JUNIOR WEB DEVELOPER

Brgy. Atate, Palayan City, Nueva Ecija • 09123456789 • monaarontech@gmail.com
GitHub: github.com/monaarontech • Portfolio: portfolio-seven-black-10.vercel.app

OBJECTIVE

A motivated, proactive, and hardworking BSIT student seeking an On-the-Job Training (OJT) opportunity to gain practical industry experience and apply my knowledge in web development, system troubleshooting, and database architecture. Eager to learn new technologies, collaborate with development teams, solve technical challenges, and contribute productively in a real working environment.

EDUCATION

Bachelor of Science in Information Technology – Web System Technology
2023 – Present (Expected Graduation: 2027)
NEUST – Nueva Ecija University of Science and Technology, Atate Campus
Palayan City, Nueva Ecija

> **Academic Distinction:** Awarded **Certificate of Academic Excellence** for remarkable scholastic achievement with a **General Weighted Average (GWA) of 1.55** (2nd Semester AY 2024–2025) • NEUST Honor Society.

PROJECTS

- **One Palayan – Kalinga Hub (Capstone Project / Lead Full-Stack Developer)**
  An enterprise municipal welfare web portal engineered for CSWDO Palayan City to streamline resident appointment scheduling, housing programs, and AICS crisis tracking. Evaluated under ISO/IEC 25010 standards with 847+ appointments served and ₱1.2M+ in released citizen assistance.
  Technologies: PHP 8, MySQL, JavaScript ES6+, AJAX, Server-Sent Events (SSE), Bootstrap
- **University Student Government Voting System (Enhanced v2.0 Project)**
  An automated campus election portal featuring real-time election state monitoring, role-based voting authorization, multi-position council ballot management (8 positions), and digital voter receipt issuance.
  Technologies: Python, Web Engine, MySQL / SQLite, HTML5, CSS3, JavaScript
- **Malupiton the Bird: Pygame Arcade (Game Development Project)**
  A physics-driven 2D arcade recreation programmed from scratch in Python 3.12 and Pygame 2.6. Implements custom 60 FPS delta-time physics loops, AABB collision detection, and synthesized audio triggers.
  Technologies: Python 3.12, Pygame 2.6, Object-Oriented Design (OOP), 2D Physics Engine

WORK EXPERIENCE

- **Lead Full-Stack Web Developer** — **One Palayan-Kalinga Hub (CSWDO Palayan City)** — (Capstone Deployment)
  Collaborated with CSWDO social workers to evaluate administrative bottlenecks, architected normalized relational databases (3NF), and developed appointment workflows adhering to RA 10173 Data Privacy standards.
- **Freelance Web Developer & Technical Support** — **Self-Employed / Freelance** — Palayan City, Nueva Ecija
  Delivered customized responsive website layouts, debugged frontend interfaces, resolved database queries, and provided computer hardware and operating system troubleshooting support.

SEMINARS & TRAININGS

- **PRESS START: Game Development in Modern Era**
  DICT Regional Office VIII & IIDB • Credential ID: 2026-08-SAM-WB-01-OL-012 (August 17, 2026)
  Gained foundational insights into game development workflows, indie game mechanics, and digital creative production.
- **How to Grow Your I.T. Career by Becoming CCNA**
  Tech Academy (Billy Ramirez IT Solutions) • Credential ID: YFNNAS-CE000213 / TAC-030826-6218 (August 1, 2026)
  Learned core networking fundamentals, routing & switching essentials, subnetting protocols, and CCNA career pathways.
- **ICT Skills Training: Google Workspace**
  DICT Region III & ILCDB • Credential ID: 2026-08-PAM-WB-02-OL-381 (August 11, 2026)
  Completed 3-hour competency training on enterprise Google Workspace cloud collaboration tools and digital workflows.
- **Introduction to AI for Business Advertising**
  DICT Region II & Quirino Provincial Office • Credential ID: ILCD_R2_ISDDL_2026_73 (August 6, 2026)
  Explored artificial intelligence integration in digital advertising, automated content creation, and MSME growth strategies.
- **How to Grow Your Career with IT Certifications**
  Tech Academy (Billy Ramirez IT Solutions) • Credential ID: TAPH-CE000251 / TAC-020826-5867 (October 3, 2026)
  Strategic webinar on global IT certification roadmaps, vendor qualifications, and professional career development.

SKILLS

I am a hardworking person who is always actively moving and hands-on when completing tasks. I can work well with others, manage my time responsibly, organize tasks, and adapt easily to new environments. I am eager to learn new technologies and continuously expand my knowledge in web systems and information technology. I approach problems patiently, think of practical solutions, and handle every responsibility with dedication.

- **Programming & Web Technologies:** PHP, JavaScript (ES6+), Python, HTML5, CSS3, SQL, TypeScript, Java, Tailwind CSS, Bootstrap, React, Next.js
- **Databases & Architecture:** MySQL, MariaDB, Relational Normalization (3NF), PDO, RESTful APIs, Server-Sent Events (SSE), XAMPP
- **Tools & Methodologies:** Git, GitHub, VS Code, Postman, Vercel, NetBeans, Pygame, Agile Scrum, ISO/IEC 25010 Quality Standards
